

## HGHFXHA-CS shock absorber machine 18KN(6MPah)

Our Product Introduction

### Basic Information

- Place of Origin: CHINA
- Brand Name: THOBO
- Minimum Order Quantity: 50

### Product Specification

- Highlight: shock absorber machine 18kn,  
18kn shock absorber test machine,  
6mpah shock absorber machine

## Product Description

This assembly table is specialized equipment designed for assembling piston valve systems in automobile shock absorbers. The assembly table consists of a valve assembly station and a nut tightening and riveting station. The assembly station is equipped with a valveselection mechanism that can push out 6 kinds of valve plates at one time, and has three clamping stations for assembly. After assembly, transfer to the tightening and riveting station for piston nut locking and riveting.

S/N	Item	Parameter	Remarks
1	Piston rod diameter	φ10 ~ φ28	
2	Piston rod length	80~500mm	
3	Valve selection quantity	6 kinds	
4	Riveting force	18KN(6MPah)	
5	Tightening machine	Optional as required
