

HGQAYDF-C160

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: THOBO
- Minimum Order Quantity: 50

Product Specification

- Highlight: 10KN shock absorber machine,
10KN shock absorber equipment

Product Description

This equipment is designed for the bottom valve assembly of an automobile shock absorber, which is pressed into the working cylinder and equipped with special press-fit equipment. This equipment consists mainly of a pneumatic press-fitting mechanism, an electric lifting mechanism, and an electronic control system. The electronic control system for this equipment has a microcomputer control system and is equipped with pressure and displacement sensors to detect pressure-fitting force and displacement, ensuring the stability of the production press-fitting process. This equipment is equipped with a heavy-duty worm gear thread lift, which is reliable.

S/N	Item	Parameter	Remarks
1	Working cylinder diameter	$\phi 27 \sim \phi 70\text{mm}$	
2	Working cylinder height	80~500mm	
3	Pressing force	10KN (5kg/cm ²)	$\phi 160$ cylinder
